

Use different crayon colors (2) to learn about the different combinations to make up a number, then write the equation under each one. See the first examples. Don't forget you can also use the number 0.

$$1 + 3 = 4$$

$$2 + 2 = 4$$

$$+ = 4$$

--	--	--	--

$$+ = 4$$

--	--	--	--	--

$$+ = 5$$

--	--	--	--	--

$$+ = 5$$

--	--	--	--	--

$$+ = 5$$

--	--	--	--	--

$$+ = 5$$

--	--	--	--	--

$$+ = 5$$

--	--	--	--	--	--

$$+ = 6$$

--	--	--	--	--	--

$$+ = 6$$

--	--	--	--	--	--

$$+ = 6$$

--	--	--	--	--	--

$$+ = 6$$

--	--	--	--	--	--

$$+ = 6$$

--	--	--	--	--	--

$$+ = 6$$
